

02/24/2020

Hello Parents and Families:

The Brookside Elementary PTO has the privilege of facilitating and running Field Day this year! This is exciting news and we are very eager to begin planning for the event.

While we do not have a confirmed date, we are looking tentatively at **Tuesday, June 9th**. We will need to form a Committee of volunteers to plan events, coordinate a schedule, and put together a fun and eventful day for our students. The Committee will hold monthly meetings starting in March and ending in June. The meetings will be approximately an hour long, and their purpose will be to discuss the planning of events and provide updates on where we are in the process.

Field Day this year will run in two groups. Kindergarten, First and Second grades will constitute one group. Third, Fourth and Fifth grades form the other group. Each group of students will be outside and participating in events for 1 ½ - 2 Hours.

If you are interested in volunteering for this committee and want to ensure that our students have a positive, fun, and exciting day, please complete the form below and return it to the Main Office.

Please remember you **MUST** have a current CORI on file at the Brookside Elementary School to volunteer. You can find this form on our website <https://www.brooksidepto.com/>.

If you have any questions, please email us at brooksideelementaryschoolpto@gmail.com

YES! I want to Volunteer for the Committee. Please contact me.
